**Note:** Patrons needing technical or application support are advised to contact their college library. When you contact the vendor for technical support, provide as much information as possible about your question or problem, including:
- A statement of your question or problem
- A description of the steps you took to access a particular database, including where you started the process
- The URLs displayed or links visited, and the complete error message, if any, that you were given
- The date and time of the problem
- The browser version you are using (Internet Explorer 8.0, Firefox 4.0, Chrome 12.0, etc.)
